Lowest G. I.	Heart Healthy	Gut Friendly	All Essential Micro Nutrients

BluMark transforms daily meals into superfoods !

“**BluMark Foods**” is a brand reborn from my mother, Dr. Jyoti Shirodkar’s, patented invention—an outcome of her DST-Govt. of India-backed research **integrating Ayurveda, Modern Medical Science, and Contemporary Dietetics**. With my background in graphic design and a postgrad diploma in Humane Centered Design Strategy from Stanford, we’ve reimagined the brand, packaging, and market strategy.

BluMark signifies more than just superfoods—it’s a clinically backed food identity, much like the green or red dots in Indian food labeling.

Our “**5-in-1**” products combine **health, nutrition, satiety, taste, and variety, fitting seamlessly into daily meals of 80% of Indians**.

Our products offer proven benefits for the patients of diabetes, pre-diabetes, obesity, PCOS, heart disease, constipation/piles/gut issues, & gluten allergies and also chosen by those focused on prevention. Visit blu-mark.co.in. We’re actively seeking doctors, chemists, and distributors wanting to tie-up!
